End of the School day policy - St Thomas CE School

This policy has been created to ensure that all the community understand the procedures for the end of the school day.

Children walking home.

Please see Walking Home Policy.

Parents collecting children.

Parents must collect their children from the school playground. Children must not be allowed to walk down into the carpark.

Children can only go on the climbing frame if their parents or carers are in the playground and picking them up. Children must remain at the classroom door until an adult collects them. Please be aware that Scoill Vallajeelt's day ends at 3.30pm. Out of courtesy, it would be useful for parents to be clear of the car park by then, to reduce congestion.

Change of plans.

If picking up arrangements have to be changed parents must inform the school as soon as possible. Children can only go home with those adults known to the staff.

Mr C Kirk
